Human strength of mind prevails life's misfortunes

By Constantinos

It is widely said that our utmost abilities, mental and physical, surface in extreme conditions. By definition, war is an extreme condition predicament. Let alone war in the frozen lands of the Russian (then Soviet) plains. One man and his will against all odds... The achievement and prevail of human spirit against life's little games.... Makes a man wonder when not to smile, when to complain, what to think as impossible. I guess impossible is just something we just don't want bad enough as Kazantzakis put it... Recommendable to all... Enjoy every page; I know I did...
