ASSESSMENT IN COUNSELING: A GUIDE TO THE USE OF PSYCHOLOGICAL ASSESSMENT PROCEDURES BY DANICA G. HAYS PDF

Now more user-friendly than ever, while continuing the legacy of excellence that Albert Hood and Richard Johnson began, the latest version of this best-selling text updates students and practitioners on the basic principles of psychological assessment, recent changes in assessment procedures, and the most widely used tests relevant to counseling practice today. Hays walks the reader through every stage of the assessment process and provides practical tools such as bolded key terminology; chapter pretests, summaries, and review questions; self-development and reflection activities; client case examples; practitioner perspectives illustrating assessment in action; and handy tip sheets.

More than 100 assessment instruments examining intelligence, academic aptitude and achievement, career and life planning, personal interests and values, personality, and interpersonal relationships are described. Also discussed are specialized mental health assessments for substance abuse, depression, anxiety, anger, self-injury, eating disorders, suicide risk, and attention deficit hyperactivity disorder.

Great resource for counselors

By Loven_beauty

Excellent book. It was required for one of my classes for my master degree. It is full of great information to help you become more of a competent counselor.

Good

By CelestialDiva

For the material being covered, it's great. Just needs more white space as the text is very dense & tiring on

the eyes to read.
