Brilliant

By Ang

Oh Tarryn. Bad Mommy is the third novel I've read by you, and now I have to confess. You did it. You made me be obsessed with you. It's your fault. You wrote these dark magical words and then I innocently followed you on Instagram. And you're so pretty, and your hair is so shiny, and how can I resist your outfits or decorating? It's impossible! Also, I may need to start copying those cool white boxes on your photos. I know how much Fig loves them. I already bought that one leather backpack you linked (I've received lots of compliments, thanks) and ok fine I even bought that damn weighted hula-hoop (not that I've used it). Next up, I need to find that whale shower curtain and maybe the teal paint.

Is this stalkerish?! Am I obsessed? Maybe I need to make an appointment with Darius. I wonder how Darius would diagnose me? Perhaps he'd think I was just a little bit stalkerish but not full-blown crazy stalker? Or better yet, I'd have Jolene observe me, what would she think? What would Fig and her loony eyes see when they looked at me?

I'm going to put my obsession aside for a moment. Can we talk about this insanity I just read from you? First, I think you're brilliant and maybe a little crazy. Second, I'm a little bit scared of you, but I'm more scared of your observers. Third, I'm in awe of you and your top knot and your words and your brain and your storytelling and, my god, I hope not a word of this story is true because ... I keep picturing Misery and hearing the shower scene music from Psycho. Why are people so g-ddamn crazy? It's a question I ask often.

I can't say much else because I want your observers, I mean readers, to go into this book without knowing much about Fig or Jolene or Darius. They should just know that your twisted tale and creepy characters were exhilarating and made my cold black heart start and stop over and over. Bad Mommy is basically a freaking Christmas miracle that everyone needs to read. It's like you gave me the best present ever so thank you for that. And even if I have to wait another year for a new masterpiece from you, I'll do so patiently while I stalk your insta. Your words are worth the wait.

Wishing I felt more connected.

By Amazon mother of 2!

Let's start what I liked about it. I liked how unique the storyline was Spoiler Alert: There was no Lovely happy ending. Yea she was better off I realize that.

What I didn't like I felt no connection to the characters they never came alive as people to me in this book I don't like how it didn't show from their perspective the ending. Did Fig ever finally find her place or end in a Psch ward? Did the husband get his license revoked and become a patient himself? Lol I don't know it really didn't feel like I got the whole story.

I love how her writing is both telling and deceptive and complicated all at the same time.

Rating 4.5 of 5

Rating 4.5 of 5 - I've never been more excited to read a Tarryn Fisher book than I was when I first heard about her new book, Bad Mommy. This book seems to have a slightly different tone than her other books that I've read and was excited to find out where she was taking the story. Early on I told a friend that it wasn't THAT twisted . . . YET. Oh, I just didn't even know. I love how her writing is both telling and deceptive and complicated all at the same time.

I read this for my book club and am looking forward to discussing, deciphering, and reliving this story with them.

SO GOOD!!!
