Why ought to wait for some days to obtain or get guide **Bender: Core Four Series #1 By Stacy Borel** that you get? Why must you take it if you could get Bender: Core Four Series #1 By Stacy Borel the much faster one? You could find the exact same book that you order here. This is it the book Bender: Core Four Series #1 By Stacy Borel that you can obtain straight after acquiring. This Bender: Core Four Series #1 By Stacy Borel is well known book on the planet, of course many people will certainly try to own it. Why do not you come to be the very first? Still puzzled with the way?

Checking out behavior will constantly lead people not to completely satisfied reading *Bender: Core Four Series #1 By Stacy Borel*, a book, 10 publication, hundreds publications, and a lot more. One that will make them really feel pleased is completing reviewing this e-book Bender: Core Four Series #1 By Stacy Borel and obtaining the message of the books, after that locating the various other following publication to read. It continues an increasing number of. The moment to finish reading a book Bender: Core Four Series #1 By Stacy Borel will be always numerous relying on spar time to spend; one example is this [Bender: Core Four Series #1 By Stacy Borel](#)

Now, how do you recognize where to purchase this book Bender: Core Four Series #1 By Stacy Borel Never ever mind, now you may not go to guide establishment under the intense sun or evening to browse guide Bender: Core Four Series #1 By Stacy Borel We below consistently aid you to discover hundreds sort of e-book. One of them is this book entitled Bender: Core Four Series #1 By Stacy Borel You could visit the web link web page provided in this collection then choose downloading and install. It will certainly not take more times. Merely attach to your web gain access to and you could access guide Bender: Core Four Series #1 By Stacy Borel on the internet. Obviously, after downloading Bender: Core Four Series #1 By Stacy Borel, you might not print it.

## **BENDER: CORE FOUR SERIES #1 BY STACY BOREL PDF**

All Keegan wanted was a roommate who was quiet, minded his or her own business, and paid for part of the rent. Instead she got Camden Brooks. Camden, with his sinful body, sharp tongue, and inability to stay out of Keegan's personal space, couldn't seem to curb his interest in the new girl who wouldn't put up with his domineering ways. Feelings were running rampant, sexual tension was thick, and both were struggling to let go of control. To some people, getting a roommate simply meant living with another person. But for Camden and Keegan, it was a curveball that neither was prepared to swing at.

- Sales Rank: #51034 in Audible

Wanted to give it more stars but...

By CJ Depew

I don't normally read YA because I'm 50 myself, but the cover model, Shawn Dawson, did a great job of marketing this book so I purchased it. The story quickly pulled me in, but the editing problems became distracting as I continued reading.

On the positive side we've been introduced to a family of strong male characters who can bring the heat. Camden reminded me of Kristen Ashley's Tatum Jackson from Sweet Dreams, as our introduction to him was as sort of an insulting jackass who quickly redeemed himself. Keegan is the strong sweet type who occasionally shows her lack of confidence, but who hasn't at that age? They kept me entertained enough that I read the book in one sitting.

On the negative side is the editing. The misuse of words is distracting. Sorted instead of sordid, your instead of you're, and other similar mistakes are numerous. Switching of tenses in the middle of sentences also occurs. And I'm still not sure why the use of birth control for the two main characters was never once mentioned because they both have unplanned pregnancies that have happened in their own families. Why was this not addressed?

I think with some polishing Ms. Borel can move beyond having a good book to having a great book, and I'll check out the next one in the series in anticipation of that happening.

Two stars might be generous

By minnie winnie

I had high hopes for this story after reading a lot of positive reviews and hearing good things on the forum. I was therefore disappointed that I personally found this to be another dud.

The story follows Keegan, a 20 yr old nursing student who had had enough of picking up her flighty mother's slack so decides to move out and get her own place. An ad at college leads her to Camden, who is looking for a roommate. She quickly moves in but it is not long until sparks start to fly between the two roomies...

So what was wrong with this book? Easier to start with what was right with it. I liked the premise of the story. On reading the sample I was interested to see how things panned out with Keegan's relationship with her mother and sister, and also liked the idea of the H and h living together from the start. I hoped this would allow for plenty of interaction and tension, but alas the author didn't deliver.

My first problem was Keegan. What a complete shrew. She was all over the place, one minute she was hating Camden, the next she was caught up in his soulful eyes, then she was miss goody two shoes "violence isn't the answer" inbetween delivering slaps to anyone who annoyed her. She was actually a pretty violent character, she hits Camden, her sleazy ex, knees Camden in his unmentionables, beats up his car, threatens him with a freaking baseball bat. This is not a suitable heroine. This is someone who needs professional help.

On the whole I found her whiny, immature and I just didn't understand her behaviour or her actions. The fact that the whole book is written from her perspective was a major hindrance for me as she was just impossible to connect with.

We then come to Camden.....and I got nothin'. Complete non entity. I can see the author is going for the basic brooding alpha male, but there is zero character development. At the start of the novel, he is moody and distant to Keegan. Why? No clue as there is never an adequate explanation. He has literally no discernible character traits whatsoever.

Unfortunately for me, the poor characterisation just killed the story. All of the drama felt manufactured and I got pretty bored by the end and basically skimmed the last 15% to get it over with.

I really can't recommend this book and don't think I will be trying anything else from this author.

2.5 stars, but anger management is needed, STAT!

By bookgrrl1976

I really like the roomies into something more sctick, so I was looking forward to this tale. I was a bit worried about Camden after reading some of the discussion forums (he isn't so nice in the beginning)- but honestly, it's context. He says some ugly things about Keegan and then says some blunt things to her, but really, I found his bluntness to be refreshing. Keegan... Keegan needs help, now. She is going on and on and on and on about her weight, how her best friend is perfect, but she is sooooooo large, hefty, fat, etc. She has zero love for her body- only to find out everyone else LOVES her figure because it is just that awesome (for edification, she is a size ten, so you know... healthy and normal). While this self-loathing bothers me, this isn't the clincher for me in the "I can't really stand Keegan" category. She's got rage issues. Anger doesn't begin to describe it. Camden does something super nice for her and she gets ragey and decides to deface and ruin a gift he got her. Seriously? Grow up. She's renting a room from him, so now he can just say it's a fully furnished room. But no, she plans to ruin it. Then she kicks Camden's groin for.... what? I'm not sure, but hey- it's okay because he calls her a crazy woman in a cute nickname-y way. Then she slaps him in the face.

All in the space of ONE DAY. This isn't cute. It isn't funny. I don't care what he said (and what he said was NOT cause for her to lay hands on him whatsoever), she should not resort to physical violence immediately as her first line of defense. This should have gotten her kicked out of the apartment or arrested. Slapping people is not empowering to women. Keegan is not a strong female character because she "goes it alone" and is "strong." She's violent and a petulant bully. Ugh.

Re: the writing- you're and your vastly different creatures. Misuse of words are a bit problematic, but I'm wrapped up in Keegan's appalling behavior, so I haven't really been paying attention to the grammar.
