It includes how you should conserve guide [Best Foot Forward By Joan Bauer](#), not in shelves certainly. You might save it in your computer gadget and device.

BEST FOOT FORWARD BY JOAN BAUER PDF

I'm a real ace at arguing with myself. Take a subject like Tanner Cobb. On the one hand, he stole. On the other, he helped his little brother read and count. Then again, he stole shoes in front of his little brother. But, he brought the shoes back and offered to make up for what he'd done. My mind said, Don't trust him. My instincts said, He might not be all bad. Inconsistencies are a royal pain; the older you get, the more they multiply.

After a life-altering summer on the road, Jenna Boller is dripping with newfound maturity. She has a job she loves at Gladstone Shoes, a best friend who makes her laugh, and a dysfunctional family she's learning how to handle. Jenna feels ready for anything-until Tanner Cobb, a guy with a past, a police record, and dangerously good looks, walks into her life. And that's just the beginning.

Jenna likes to be in control, but that's not easy when she's suddenly surrounded by crises, including a shoe empire on the verge of crumbling. Tanner's street smarts seem to be what Jenna needs, but can she trust him when the going gets tough?

Newbery Honor author Joan Bauer has written a sure-footed, funny, and poignant novel about a teenage girl facing the challenges-and betrayals-of the adult business world head-on, a struggle that links her to the resilience of her past and helps her to eagerly plan the course for her future.

Bauer's best foot forward!

By Ei

This is a great sequel to an equally stunning and entertaining read, "Rules of the Road".

Bauer has vastly impressed me with all her books I've read thus far, but this one was like a big fat cherry along with the whipped creme on top of the hot fudge sundae known as "Rules of the Road".

Jenna Boller is back, back with a vengeance alongside the owner and her boss, Madeline Gladstone. There are some new characters that add flavor to an already sweet treat of a story.

For anyone who just likes a good plot and lots of laughs, I recommend this. It may be targeted at teenagers(those teenagers are darn lucky cuz there were no writers like this in my teen days), but at 36, I have grown into a great fan of Joan Bauer's writing. She is very talented at telling a tale that is funny and

endearing. It is a really easy read that I know younger girls will really enjoy because while I may be 36, deep down, I am still a teenager at heart.

Foot First, Heart in the End

By Sam Jr.

One person can make a difference. That's the big lesson Jenna Boller learns outside of the classroom and it changes her forever. As she returns to school in the Fall, she immediately realizes how much she has matured over the summer. It's as if the other students were frozen in time. Jenna grew up at Gladstone Shoes. At first, she is consumed in her own problems, most notably fixing the strained relationship with a dysfunctional alcoholic parent she helped put in jail. A sister obsessed with her own appearance is also scarred by family problems but refuses to deal with them. At work, Jenna's boss, an elderly woman, Mrs. Gladstone, seems out of touch and too gullible, giving the wrong people, like the troubled Tanner, a second chance. As Jenna learns, it was all a matter of having the right person redirect Tanner's high energy in a more positive direction - and Mrs. Gladstone makes Jenna his boss, partly responsible for the transformation. Mrs. Gladstone knows that in her heart Jenna does not understand her methods. Jenna believes Mrs. Gladstone is soft, an easy mark. As the story unfolds, Jenna observes as Mrs. Gladstone takes on her own son, exposing the corruption that has infested Gladstone's new corporate offices. As her mentor, Mrs. Gladstone explains, "I want you to learn from this. I want you to write it in your heart." In the end Jenna intuitively creates her own mentoring role, helping someone else put the best foot forward. Joan Bauer has written a most enjoyable, uplifting book that will not only resonate with young readers, but with all who read it. It kept me smiling.

good, but...

By terryannlibrarian

Jenna is back in a good way and in a bad way. again, the dialog is snappy, the main character is fun and witty and likeable. however, the issues are huge and therein lies the problem. bauer tries to tackle an alcoholic parent, a (maybe) anorexic sibling, a grandmother with alzheimer's disease, a thieving co-worker, the issue of unethical overseas labor tactics and the maturing of her main character all at the same time. the book treads on all of these issues but fails to tackle them realistically. the thieving co-worker for instance does not feel like a real teenager. in fact, he comes across almost as an idiot...i could have pulled off a better scam than that guy:) anyway, it IS still a fun read, just don't look for any realism in it.
