Learn woodworking with hand tools!

By Todd Franek

A great book about working with hand tools. Hayward explains the tools and techniques in great detail. This book was written when "modern" (plywood, etc.) materials were 1st became common place, Hayward even explains how to use hand tools for these materials. I can see how he has such a cult following in the woodworking community. If you want to learn about using hand tools, get a copy of this book!
