So, the method for you to get this [Cengage Advantage Books: Educational Psychology With Virtual Psychology Labs By Bruce Tuckman, David Monetti](#) will be so simple, will not you?

CENGAGE ADVANTAGE BOOKS: EDUCATIONAL PSYCHOLOGY WITH VIRTUAL PSYCHOLOGY LABS BY BRUCE TUCKMAN, DAVID MONETTI PDF

This comprehensive educational psychology book blends a strong scholarly and theoretical background with the application of theories and concepts using real-world examples, case studies, and practical teaching strategies. The text's innovative pedagogical program is anchored by a cohesive learning objective system integrated throughout each chapter, guiding your reading and reinforcing your understanding of concepts. This edition includes access to the book's website, Education CourseMate, where you can participate in Virtual Psychology Labs. Introduced in the text, the labs illuminate key experiments that are not easily explained in a book or demonstrated in the classroom. These first-hand research experiences allow you to gain a better understanding of the experiments' methodologies, conclusions, and implications. TeachSource Video Cases, introduced in the text and available at CourseMate, allow you to view real-life classroom scenarios that demonstrate teaching applications and best practices. Among other distinctive aspects of the text are an entire chapter on group process and a unique "Think It Over" feature that asks you to reflect on important topics as both a student of psychology and a future classroom teacher.

Most helpful customer reviews

0 of 0 people found the following review helpful.
44 for a used - good version), it was well worth it
By JCS

I bought this product thinking that it was a paperback book, when it really is just looseleaf paper that it is printed on (one where you have to buy a notebook binder to put it in). For the price that I paid (\$5.44 for a used - good version), it was well worth it.
