Review

Only on rare occasion does a book come along that contains the potential to change the consciousness of our entire planetary culture. Many have talked about the ascension process, but very few really understand what it means. Who is really out there? Where are we going? What are our choices? What has to be done to prepare for this event? Is everyone ascending to the same place? What happened to the fourth dimension? How can we understand the fifth dimension? What does it feel like? How does it operate? What are fifth dimensional beings like? How do they live?

This book explains all of these questions in a way that we can easily understand. It explains what our relationships are to known extraterrestrial groups, and what they are doing to help the Earth and her people in this crucial galactic moment in time. It explains how we can raise our vibration now, and begin the process of integrating higher dimensional energies into our third dimensional world.

All those who read this book will feel the presence of fifth dimensional energy within their being. You will be able to truly experience a view of fifth dimensional awareness. This will profoundly effect your ability to expand your own perception of reality, and help you to actively participate in the personal and planetary ascension that has already begun. --from the publisher

A Clear & Practical Channel

By Ed K Gogek

Having read several of the books on beings from other star-systems, this is the one I found most practical and straightforward. The book is a compilation of channeled sessions by the author with groups and individuals. Since the sessions are taped and transcribed, the book gives a good sense of David Miller's channeled sessions, which I have heard several times and consistently found positive and useful. The entities he channels always seem to speak with the benefit of the listener in mind, and that compassionate wisdom comes through in this book. The choice of material for the book covers the title but also goes beyond it into related areas. The book's explanations of human spiritual evolution, our place in the cosmos, our connection with higher forces and the ascension process were both clear and uplifting. For anyone interested in writings by contemporary channels, this book is a very good place to start.

Amazing Reading!

By Elagetaina

I have read other books on channeling messages before, but this one was more profound to me than any other. Giving me, the opportunity to connect to the Arcturians by just using intent and visualization. I have read the book 2 times already, I just loved it! :)
