Very pleased and excellent mock exam to the real cpc exam!

By Supergal

Background: I took medical terminology class and anatomy, medical and billing courses.

This book helped me prepare for my cpc exam I just took yesterday. Answer key contained explanation and reasoning that helped me understand the material. I went through the whole book and reviewed my errors. Timed myself again to take it a second time. I will update my status after I get my exam results.

Great resource

By K. Baker

This is an excellent way if you want to pass the CPC. The authors explanation of the procedures made it easier for me to pass the CPC on the first time. I am also using it as a supplement to study for the COC exam, hopefully I will be fortunate enough to pass this on the first time too.

The Rational is great! easy to read and follow. There is one question I think they have the answer confused.
