### Review

Author Dale Hudson's research is incredibly detailed. An engaging true crime novel, this book is terrific. -- Grand Strand Magazine, February, 2002

### From the Publisher

In *Dance of Death*, author Dale Hudson's gripping account of this high-profile of greed, lust and murder includes extensive interviews with Renee Poole herself, including prison interviews, whose dance of death landed her in prison for life. Sixteen pages of exclusive photos are also included in the book.

### From the Inside Flap

"GIVE ME ONE GOOD REASON WHY I SHOULDN'T KILL YOU."

The man dressed in black had told Renee to lie down and put her feet against Brent's feet "I told you to get down on the ground, bitch." He scowled. Renee quickly dropped to the ground, then itched forward until the bottom of her sandals rested against the soles of her husband's tennis shoes. She lay as stiff as a cadaver, her arms and hands fixed rigidly by her side. The gunman held the pistol at Brent's head. Brent's face was the color of ash. Brent cried, "Please don't shoot me." "Give me one good reason why I shouldn't kill you." Brent's heart jumped into his throat. It was probably the greatest test of Brent Poole's fleeting twenty-four years. Without flinching, he swallowed hard and answered with the thought dearest to his heart. "Because I have a daughter that I love very much," Brent said bravely. The gunman's eyes narrowed. He shoved the cold steel underneath Brent's chin and lifted him off the ground. Brent was off the ground and nearly on his knees when the man squeezed the trigger.

## Lethal Beauty

Kimberly Renee Poole, 21, led a double life. The Winston-Salem, North Carolina area housewife and mother was also a topless dancer at a strip club. She craved jewelry, designer clothing, and adulterous affairs with both men and women. Brent Poole, her hopelessly devoted spouse, could deny her nothing. But that wasn't enough for Renee. She wanted his money and his life.

## Infernal Triangle

Murder moved from fantasy to reality after Renee Poole began an affair with John Boyd Frazier, a patron at the club where she worked. On the night of June 9, 1998, on the pretext of celebrating their third wedding anniversary, Poole lured her husband to an oceanfront hotel in Myrtle Beach, South Carolina. While their young daughter slept in the hotel room, Renee made love to Brent on the deserted beach--then delivered him to Frazier, who shot him dead.

## American Nightmare

From the start, police knew Renee's story didn't add up, and the investigation that followed exposed the dark details of how Brent Poole's marriage to his dream woman ended in cold blood. Author Dale Hudson's gripping account of this high-profile case of greed, lust and murder includes extensive interviews with Renee Poole herself, whose dance of death landed her in prison for life.

16 Pages Of Exclusive Photos

Dale Hudson is the co-author of two previous true crime books. He holds three earned masters degrees in Psychology, Education, and Religion. He lives in Myrtle Beach, South Carolina.

Kimberly Renee Poole has found another sucker!

By ML BROWN

First of all, let me preface my statements by saying I knew

Brent Poole and his family. Brent was probably the nicest

guy you will ever meet. He didn't have a mean bone in his

body and probably the only person who would have put up

with Renee's crap. Why he had to die is beyond me, but Renee

wanted him dead and what Renee wanted she always got!

I have read *Dance of Death*, twice, and find all of it to be

truthful. I am surprised that Renee was so candid about

herself and revealed so much of her character. But, that is the way she has always been. It's always been about her and what she wants. I can't count the number of times Brent caught her cheating. She had guys-and girls-coming and going. I saw her dance a few times at the club and she would lay down with any old flea-bag just to make a dollar. I'm no expert, but after reading this book, I can see she had some real sexual hangups.

On another note, I read where she has found another sucker! Even in prison, and serving a life sentence, she finds a way to con somebody. Poor old Kimberly (he calls her that so I guess she has changed her name in prison. Wouldn't want people recognizing her name as a murderer, would we?), J. Miller writes, she has been falsely accused and convicted, and remains in jail by the words of people like Dale Hudson. I guess the poor old guy never saw it coming. If he knows what is good for him, he better drop Kimberly like a hot potatoe, or he'll end up in the same condition as Brent, John, and countless of other men that listened to her bull!

REST IN PEACE, MY FRIEND, BRENT POOLE. At least, you finally got away from the black widow. She'll never be able to hurt you again!

Excellent Read

By Rhonda McElveen

I really enjoyed Dance of Death. It was well researched and well-written. Kimberly Poole and John Boyd Frazier were somewhat familiar to me, for I had remembered the case from Court TV. But, at the time, it

wasn't interesting. Now that I have read *Dance of Death*, I can shoot myself for not paying attention to the case. Maybe it was the way the author told this story, but this story ranks with my all time high true crime books. I couldn't put the book down and was glued to every word on every single page. Dale Hudson is very good at this. In reading true crime, I have found there are people who know how to write and there are some people who can tell a good story, but I haven't found as anyone as good as Dale Hudson. He can write and tell a good story at the same time!

6 of 6 people found the following review helpful.

suspense reader

By Truth Seeker "Jacey"

I just finished reading Dale Hudson's *Dance of Death*, the book jacket caught my eye because I was familiar with the area where the story took place. I feel that he did a tremendous job in presenting the facts and the role played by those involved in this horrific event. My sympathies go out to the families of Brent & Renee. I can not imagine what those months must have been like, nor can I imagine what must have gone through Renee's mind that night on the beach! But in reading and re-reading I can't help but believe a large portion of the evidence against John Frazier was circumstance and the jury truly must have wrestled with those ideas. Dale Hudson is a superb author and had me hooked from the first page of this story. I applaud his efforts to look deeply into Renee's troubled past and all the scenario's that could have brought this entire family to this tragic end. This is a first rate publication and I highly recommend this author.
