## Review

"I would definitely recommend this book to serious independent learners and teachers who are giving Beginner level classes." —Language Trainers blog

"Elementary Korean's clear in-depth treatment will undoubtedly propel the beginner learner forward in their quest to master the Korean language..." —Loving Korean blog

"Elementary Korean is the golden standard for learning Korean. It is the most thorough and all-round introduction to Korean that I know of. The logical structure makes it easy to follow." —Perapera Language Tools blog

"So far the best books I've seen for self study seem to be King and Yeon's Elementary Korean. They come with CD's the workbook comes with an answer key, they get great reviews, and in general, they should serve you well for taking you through the basics on your own." —Fluentforever.com blog

"The explanations of grammar are very easy to understand and very thorough. The vocabulary lists are very good as well. I just highly recommend these books because they are very easy to understand, nice hardback books with a good binding, include an audio cd, and also present good vocabulary and grammar." —Learnkoreanlanguage.com blog

"Comes with CD and the beginning hits you with the basics: simple phrases and hangul. Each lesson builds upon the grammar you've learned in the previous lesson so it's not hard. Well organized and easy to get through." —Linguajunkie.com blog

"The layout makes for a digestible read; each chapter begins with a dialogue and vocabulary list, followed by grammar points and exercises. The chapters are spattered with side notes that warn about common mistakes and caveats in a given lesson. I also have the accompanying workbook, which gives a lot of good practice." —Goodreads

"I like this book because it explains the 'how' and 'when' when it comes to proper usage of Korean language

grammar." —Saranghae Korean blog

By Jacquelin D.

The workbook is great its almost all in Korean so its good so you can learn to read and write Korean. The Phonetic Symbols will not help you if you are American. Please do not try to learn the Phonetic Symbols it is a waist of time. It will be easier to learn how to read Korean.

2 of 2 people found the following review helpful.

I like this book

By Amazon Customer

I like this book, BUT it's not completely usable with out the accompanying textbook. A few people mentioned in their reviews that purchasing the textbook was not necessary, but I disagree. The workbook specifically references the chapters of the textbook, and there are some exercises that cannot be done without the textbook.

That being said, I will be buying the textbook because I appreciate the exercises in this workbook. Practice is important for language learning, and this book helps with that. There's a CD included so you can practice listening as well as writing. I think it's a good book.

Great workbook with exercises that really make the grammar and ...

By Christina P.

Great workbook with exercises that really make the grammar and chapter vocabulary stick. However, I would recommended studying Korean diligently and mastering the alphabet before purchasing this. ???!
