FOUR DAYS: SEVEN, BOOK 4 BY DANNIKA DARK PDF

Ivy believes that every life must have balance, and during the past year, she's found harmony living with the Weston pack. When an evil spirit from her past threatens her wolf, it sets off a chain reaction of events that alters the course of her destiny.

Lorenzo Church is a powerful, wealthy Packmaster who rules his pack through intimidation and order. He has vowed to never love a woman because love can destroy an empire. But chaos is fast approaching in the form of a Shifter named Ivy - a Native American, like him, who has invaded his dreams since the moment they met. She is spirited, wise, and unattainable.

As always, Dannika Dark delivers

By Amazon Customer

Dannika Dark has definitely done it again! I read this book in one sitting, unable to put it down. I've been a fan of Dark since the first Mageri book, and anytime a new book comes out I always buy it. I have to admit I didn't think that this would be my favorite out of her shifter series but it was the best so far! I didn't think I would like it as much as the other because I haven't been a fan of Lorenzo Church through the first three books but man did she prove me wrong, now I daresay he's one of my favorites. Dark puts you inside of her characters brains and let's you see things through their eyes. I love how we get to see the progression of things that happened in the first three books in this book also. Dark always keeps me guessing with what's going to happen next and her character development is unreal. The book shifts back and forth from Ivy and Lorenzo's POV's and the contrasting voices are amazing. You get Ivy's full backstory and man is it a wild ride. I was so excited when she connected the Mageri series with this, it's like getting a sneak peek back into that world. You need to buy this book!

The Most Beautiful Book of the Year

By Lisa High

There are not many books that I can say touch me and even less that rock me all the way to my core. Four Days is one of those books. I had tears in my eyes for a great majority of the book, I laughed out loud at Wheeler and Denny. I even laughed at Lorenzo, but Ivy touched me, made me want to cry for her, hug her tight, protect her and then stand up and cheer when she did all those things for herself. Ivy is probably my favorite character of this entire series because of this book. I always knew that she was a gentle spirt, and a

loving person, but her strength and poise are remarkable. She helped me to remember why there does not always have to be the strong alpha male to save the day. Sometimes the best man for the job is a strong alpha female, with a heart of gold.

Dannika Dark has brought to life so many issues and struggles in one compelling book, family bonds, trust issues, male dominance, self-worth, these are things we all deal with at some point in our lives, and Dark has incorporated these issues in what I would say is the most beautiful book of the year. This series gets better with every book she writes, and taking a trip back to Cognito in this book helps to bring everything full circle. If I wasn't before I surely would be a fan for life. I am even more excited to see where this series goes from here.
