What are higher dimensions? What are parallel dimensions? What are the mechanics of the spirit realm? These timely questions are being asked around the world. Written from a Christian perspective, this book will deconstruct the spirit realm by assessing the reality of higher dimensions and parallel dimensions. It will empower you to experience God in ways many have only philosophically articulated. Higher Dimensions, Parallel Dimensions and the Spirit Realm will take you far beyond the parameters of traditionally imposed limitations, and elevate your understanding of human ability and identity in Jesus Christ.

Beginning with an assessment of the creation account, you will learn how the earth and the heavens were created in layers. These layers allow for interplay between physical and spiritual events. You will learn the difference between higher dimensions and parallel dimensions and how each can have influences that impact your life. You will also learn about the non-physical components of human nature in great detail. You will then understand why God designed us with a trans-dimensional nature.

These elements will come together to establish a revelatory perspective on how God designed the Church to operate. You will learn that there is a capacity for greatness that many Christians have only flirted with. You will also get a glimpse of the depths of darkness, and an explanation of the capabilities of those that practice evil. You will learn all about portals and arrive at a revelation regarding why God designed the Church to walk between the realms of heaven and earth. Prepare for a radical transition in thought!

Finally out of Genesis Chapter One!!!

By Para Lexicon Campbell

If you've spent any serious time or energy defending your Christian Faith, at some point you will eventually reach the platform from which only one phrase can be sheepishly muttered -

" we just won't know until we get to Heaven". Or, the grown up version which tries to convey wisdom, " a great many wonders has God kept hidden from us" said with a dramatic skyward arm sweep. " God works in mysterious ways ", with a knowing wink and a smile has answered many a curiosity, and finally, an

eisagesical chapter and verse type might defer to the book of Job to scold by implying the audacity of one by demanding answers for what was never covered in women's weekly Wednesday Bible Study. I'm guilty of saying all of the above - but not before I was taught that my own questions revealed immaturity and a lack of faith. So I gave up asking and tried to demonstrate my faith by smiling a lot, attending churchy marriage seminars, committing to nursery volunteer shifts and even hosted a small home group! I acted super faithy and I enjoyed my super busy life in Sunday Club for awhile. Eventually though, intellectual dishonesty and spiritual discouragement sent me into the proverbial "Belly of the Whale", where I stayed angry and confused.

Daniel Duval's new book has reignited my excitement and passion for Bible study by resetting my presuppositions when approaching the Scriptures. The title itself tells you what to expect but his thesis, to my knowledge and understanding, is sound and can be tested against scripture especially as penned in its native language and translated to its literal and applicable meaning.

The revelation shared in this book is nothing short of mind blowing. The depth of understanding that God has given Daniel is a true gift, and if I might add, a gift that I gratefully accept on a very personal level after receiving an order to start over. Specifically, to begin reading The Bible with a fresh outside of all cultural bias, without any preconditioned understanding of scripture even if learned at church. I highly recommend this book for everyone confounded or maybe outright angry about the disconnect between the power that Jesus promised through His Spirit and our western Christian worldview. It almost feels like I'm now reading the Bible in 3-D.

Thank you Daniel for this book and for the spiritual obedience and focus it took to receive and relate the info contained in the book. I've been stuck in the first chapter of Genesis for 6 months!!!

Wow! Wow! Wow! Higher Dimensions, Parallel Dimensions, & the Spirit Realm is BY FAR the best book I have read in a WHILE and I'm only on chapter 8. Guys, I just have to say it, if you want to get your mind blown, your spirit likely irrevocably stirred, and your heart set firmly back onto the path of renewal and the revelation of Jesus Christ, RUN, don't walk, to get this book in your hands. Praise the Lord, and thank you Jesus for our brother, Daniel Duval, and for his obedience to carry out the assignments you've given him. Wow!

Great insights!

By J. Ryherd

In trying to explain to others these truths, Dan Duvall has done an excellent job. Some may think that all this is just too spectacular for us to accept, but it is all scriptural. This needs to be taught throughout the body of Christ
