OVERRATED!

By Austin E. Wylie

I have this book and the new self-assessment workbook and going through both texts I am annoyed by how many typos/wrong answers I am finding in both of these books!!! For this level I would hope to see zero typos and wrong answers. From other people that I have talked to I am finding that the book by Bancroft is the way to go!

excellent

By JL

newest version is very comprehensive, also has more illustrations to compare the different stains and how they should look which is really helpful
