## Review

"I would put anything with Walter Pall trees in it near the top of my list!" BONSAINUT "Larry is making me question everything I think I knew as proper technique, from a growing standpoint". BONSAINUT

"Questions and answers to everything you need to know about bonsai horticulture and development. It's a must have, sort of like an encyclopedia of modern bonsai horticulture. You could not find this stuff in one place so well explained." WEETREES FORUM

"This book will open your eyes. It certainly will cause a lot of discussion". WALTER PALL BONSAI ADVENTURES.

"An essential NEW bonsai book that's different from any other bonsai book you've ever seen. Horticultural scientist Larry Morton has put together the first bonsai book that focuses on what we now know about growing plants and applying that knowledge to bonsai." "This clear, concise and exceptionally thorough book will provide a lifetime of knowledge for any bonsai enthusiast." BONSAIBARK.

Q: For the horticultural aspects (of bonsai), what is the best book?A: I recently bought a newly published book, "Modern Bonsai Practice, 501 Principles" by Larry Morton. It is the most in-depth book on bonsai horticulture I have ever seen. I am still reading it and would recommend it to anyone that wants to dig into the hows and whys of growing bonsai. I think some will find Morton's findings controversial but everything he brings out is based on actual practice and research instead of passing on rumors or old wives tales of bonsai care. All the photos in the book are Walter Pall bonsai, and that alone is worth the price of admission.

By Amazon Customer

This is a wonderful book for anyone interested in starting the art of bonsai. It walks you through problems you will face, along with giving you wonderful advise about taking care of your plants. The book also goes into detail about things that are thought to be true but are actually false. If you have any interest in bonsai, I highly recommend this book for you.
