More than What the Anime Shows

By Amazon Customer

I watched the anime first and realized I wanted to see where the characters went. I am glad I have been reading the series since there is so much more of the story that does not show up in the anime. I am unsure why some of these series end up with such little time while other series (Naruto, One Piece) end up not only fully animated, but with unnecessarily added junk, especially when these other series have more of a story to tell than just ten episodes worth. I'd recommend this for anyone who likes the anime, but in truth it's not everyone's cup of tea. If you like books geared toward girls with the cliché characters, then this is a good one.

My 12 yr old daughter eagerly awaits the release of each book, from this series. She is really enjoying reading My Little Monster.... It takes her all of an hour, or so to finish it, though :)
