Good news, Augustus, my mother exclaimed upon reading the message she'd just received from a friend in Dieppe. "Your father has escaped France in safety." We hugged each other, overjoyed to know that he'd avoided the inevitable fate, which, as an aristocrat, would have befallen him at the hands of the purging Republicans. Then a look of distress crossed her face. "But until we get news from England to enable us to join him there, I hardly know where we can look for refuge. I suppose we're guaranteed a temporary home, for my younger sister, Agatha, is Abbess of the convent of St. Claire, but now there is talk of suppressing convents and priests altogether. My other fear pertains to you, my dear boy," she said, wringing her hands.

Classic Erotica

By Casan

It's a story about a teenage boy dressed as a girl in a convent. You can imagine how thrilled the sisters are. There is non-stop action, with one young nun telling a long story about her sexual adventures. There is no spirituality in this book, in case you're wondering. What I liked best is the English usage: no filthy language, just proper English.

I do like sexy books

By Gray King

If you have an ounce of religion in you, steer clear of this caper. The writer has tried, and often quite successfully, to cram into his pages as many "sex" words linked together by blunt "sex" actions (within every level of a nunnery) --- as is possible. I do like sexy books, just don't like sex books. There is a difference. I am not titillated by a string of words but rather of the anticipation of the actions, the uplifting of a belief that something "sexy" is about to happen, with warmth, love, passion, excitement, etc etc. You get the gist? This book fails in that department.

However, if you like in-you-face-shoot-from-the-hip sex...this may be for you.
