Besides, if you also have no time at all to search guide One More Time: A Memoir (Encore Nonfiction Modern Classics) By Carol Burnett, simply rest when you're in office as well as open the internet browser. You could discover this [One More Time: A Memoir \(Encore Nonfiction Modern Classics\) By Carol Burnett](#) inn this website by linking to the internet.

From Publishers Weekly

Burnett's frank, moving account of growing up in squalor has the air of a bestseller. At 53, the popular performer looks back at the years of poverty and insecurity of her Hollywood childhood, sharing a one-room apartment with her maternal grandmother, Nanny. Burnett's parents were divorced, and both were alcoholics. Readers feel the deep love with which she recalls her father, mother and Nanny (a woman endearing despite her conniving and other terrible traits). In an unforgettable scene, Burnett describes her mother going alone to a hospital to bear her illegitimate daughter Chrissie, who is Burnett's best friend. This memoir is a Cinderella tale by a woman stronger than her family and perhaps luckier. She built a career with grit and a little help from friends she thanks in her zesty story. Photos not seen by PW. First serial to Ladies' Home Journal; Literary Guild dual main selection; author tour.

From School Library Journal

YA Carol Burnett's memoir is like the woman herself: humorous, earthy, and honest. Written as an extended letter to her three daughters so that they could come to know her parents and the grandmother who raised her, she constructs with painful clarity a picture of her impoverished childhood. Her parents were both alcoholics, and she was left in the care of her eccentric grandmother, who loved her intensely. Teens will sympathize with her loneliness and feelings of rejection at glamorous Hollywood High, where she felt "Stupid. Dumb. Outnumbered. Overwhelmed. Little. Insignificant." Aspiring young actors and actresses will follow with interest her attempts to define her talent and find success first at UCLA and later in New York. Even though readers know that she will be a star, there is a feeling of great satisfaction as she acquires increasingly important roles. YAs need not be fans of Carol Burnett's popular television show to appreciate her compassion and wit. Rosemary Smith, Albright Middle School, Houston

From Library Journal

This could be more accurately called Carol Burnett: the early years. The story ends in 1960 with Burnett finding fame and fortune in New York on the Garry Moore TV show. For the most part one is swept up in Burnett's account of her confused and often messy childhood. She was brought up mainly by her colorful

grandmother, who fought incessantly with Carol's mother, who was in turn at odds with her alcoholic husband. Their living conditions in the early years were deplorable, and yet through all the suffering there were many touching and loving moments. The accounts of family bickering have a tendency to become tedious as the story meanders along. One assumes that a sequel is being planned. Literary Guild dual main selection. Samuel Simons, Memorial Hall Lib., Andover, Mass.

# **ONE MORE TIME: A MEMOIR (ENCORE NONFICTION MODERN CLASSICS) BY CAROL BURNETT PDF**

Carol Burnett spent most of her childhood in a Depression-scarred Hollywood neighborhood, where she lived in a single-room apartment with her endearingly batty grandmother, Nanny, a hypochondriacal Christian Scientist with a buried past. The child of two alcoholic parents, Burnett presents a sometimes hilarious, sometimes heartbreaking coming-of-age: from her sadly hopeful mother, who was hooked on Tinseltown fantasy, to the first signs of her own comic gift; from happy weekends spent with her father, to their last tragic meeting in a public sanatorium.

Featuring a new Afterword by the author, about teaming up with her daughter to bring this story to Broadway, *One More Time* is an intimate, touching, and astonishing narrative of a financially desperate but emotionally rich childhood on the wrong side of Hollywood's tracks.

"I'm So Glad We Had This Time Together...."

By F. Gentile

One of the best celebrity memoirs ever. If anyone ever deserved the success in life that Carol Burnett received, it is she. This little girl, raised in poverty, in a one room apartment, literally steps away from the then- at- its- peak Hollywood Boulevard, a muckle mouthed little dreamer, tended by her cuckoo "Nanny", both parents tragic alcoholics, both of whom did not have a happy ending...This is a fabulous, humble, true success story, about one of the most talented, respected, classy ladies in the history of show-biz. Her telling of her ambition to achieve her dream, in the face of what would have been overwhelming odds to most, is not only incredibly touching, but a lesson in perseverance, and believing in yourself. I tend to write about movies, books, etc., that are not necessarily "current", and I guess that's because the quality of the originals can't be duplicated, and Carol Burnett is truly one of the "originals." She had and has "the goods." A must read (and read again) about one terrific lady.

A worthwhile read you won't ever forget!

By Humor Book Addict

If you're a Carol Burnett fan, you'll acquire a deeper appreciation for her after reading this autobiographical account of her early years. Her parents were divorced alcoholics who died young. She was reared by a grandmother with her own checkered past, sharing a one-room, flophouse apartment with her until she finally moved out to try to make it as an actress. Their story was one of constant struggle and seemingly relentless poverty. Yet Burnett is living proof that, though we are all products of our past, we should never abandon hope. Despite her personal tragedies, she has become someone we all associate with laughter and love. She, like her personal story, is simply inspirational and amazing. A worthwhile read that you won't ever forget!

Warm and genuine...moving and funny

By California Greg

Carol Burnett hit the bullseye with the re-telling of her now familiar life story. The pacing is gentle and flowing while the anecdotes and stories are vivid and well written. Reading this, one can really appreciate "destiny" because the truth is that someone who had her experiences should never have even had the gumption to get herself into UCLA -- let alone take the rest of her journey.

Yet she did it all, with both verve and aplomb and for those of us who are fans, we're grateful that she was able to share her natural gifts with us. Singer, comedienne, actress, entertainer -- she's all of them and more - - and how she got there is a wonderful reminder to everyone that you can't ever stop believing in the power you have to imagine your own life and destiny.
