Packed with Oprah's great guidance, a fantastic inspirational read!

By D Finigan

I have always been a fan of Oprah's, her positivity and inspiration has been a major factor for me and I have followed her story for many years, but I have been unsatisfied with previous books that have failed to convey the powerful messages that she provides, however this is not the case with this book!

I found the information and guidance in the book perfect in providing the drive and pertinent words I need currently in my life. This book is packed with Oprah's inspirational philosophies in a well structured and organised way.

I love the chapter Tomorrow Is Filled With Possibilities which serves as a reminder to strive for new possibilities and chapter 7, Learn From Your Failures in which you use failure to re-evaluate.

This book is just like having my very own portable Oprah to carry around with me! If Oprah is an inspiration to you, this book is an ideal companion. I recommend this book whether you are an Oprah fan or not.
