CDL Class A driver.

By John DeAngelis

I gear book to have if you are a over the road truck driver (OTR). It has everything you need to know about everywhere you want to go. Plan out your route with dry eraser markers and wipe it clean when your done.

It's nice, but I wish they would update the format ...

By Gannet

Well, it is what it is. It's nice, but I wish they would update the format and put the restricted route information (low clearances, etc) on or near the pages with the maps, and also highlight the restricted routes with different colors. It's quite difficult to flip back and forth and find the restricted routes. Rand-McNally,

you need to up your game with this; you have competition from GPS units.

A little disappointed

By Sly36

Very good quality as usual for Rand McNally except it doesn't list any of the truck stops anymore. Don't understand why they wouldn't. Truck stops are a major part of a truckers life.
