Spiritual Warfare, the sequel to Stella Davis's first book, Giving God the Praise, provides teachings on spiritual warfare for both priests and laity through the recounting of Davis's own experiences in ministry and those of her team. As a veteran missionary herself, Davis believed that various texts she had read available to the public and to priests did not treat spiritual warfare in the depth required, especially at a time when evil has so increased, and the need to know how to combat it is so great. Extraordinary supernatural phenomena have become more common in our day and cannot escape our attention. Even those who consider themselves "enlightened," who maintain that the power of nature is unlimited, are put on their mettle by the undeniable facts of the preternatural. Intrigues of Satan are as active today as they were when God first called Davis to ministry. Hence, Spiritual Warfare attempts to address the need to deal with these occurrences, offering a call to repentance, healing, deliverance, and action.

Christ-centered and truly Catholic

By anonymous

The first thing I noticed about the book was the cover. Jesus' hand reaching for us in love - so unlike other books with pictures of demons and angels in battle. Stella Davis gives the Church the human side of spiritual warfare, how the laity can recognize it in our lives and how we can be freed in Jesus Christ through His Mercy. This is also the story of a humble woman who surrenders all to the Lord, but she is not a nun! I am amazed that a mother and grandmother is also used by the Lord to deliver people from their spiritual bondage. Yet she is humble, giving all credit, honor, praise and glory to God. With God, nothing is impossible.

2056

By VeroKen

This is an excellent guide for those who are concerned about Spiritual warfare. If you are not concerned, you need this book even more. Stella Davis demonstrates that when Jesus Christ said, "I have given you authority to ... overcome all the power of the enemy," He meant it! (Luke 10:19) She offers us numerous examples of how miracles are happening in modern times and how the Light can always cast out the darkness.

You Won't Be Able To Put It Down!

By Jeanette J. Johnson

A valuable addition to any library, you'll want to read this again and again. I don't usually underline passages in my books, but I made an exception here. Perfect for individual study, it's also great for group work. It's incredibly relevant for the age in which we live. It's packed with powerful true-life examples to back up spiritual practices.
