Timeless material and it works!

By LifeIsGood

After re-reading this book recently, I realized that it would be the first book I would want to know about before embarking on a spiritual journey. This is because it is such a basic textbook for understanding "affirmations" as well as manifesting 'good' in our lives. My thinking and my attitude along with the words I choose to speak are the most important determinants of living my life to its fullest. As it states in the book:

P. 81..."To affirm means to assert positively, even in the face of all contrary evidence, that a thing is so. Through affirmation you are not changing God, Who is immutable good. Through affirmation you change your thinking, so that you may accept that immutable good in whatever form you decree.

As you affirm words of life, health, strength, you are saying "yes" to good health, even in the face of illness. Your spoken words are then recorded in your body, and health begins to manifest. The great healers of old found that the practice of deliberately speaking constructive words guided them most quickly into the secret of healing." Even though this quote seems to be about health, this book covers all facets of living.

No matter what our religion or spiritual path, there is something for everyone who possesses an open mind inside this book. Especially if we are the kind of person who wants to learn and grow to be the very best person we can be, living the very best life we can possibly live...and are facing stumbling blocks that slow down our process.

Another important chapter in the book is "Chemicalization, A Healing Process". Understanding chemicalization is highly important any time we embark on a spiritual journey. Now that I understand this, I'll more easily be able to handle the road blocks that inevitably appear when I'm on one of my growthful journeys.

I especially appreciate the many symbolic explanations Catherine gives about various religious and spiritual teachers, such as Jesus. They make complete sense to me. She is a wonderful teacher and I appreciate her devotion to this beautiful process. All of her books have been ordered from Amazon over the years and are in my home library.

If you have a "make-over" or a "healing" that you have been contemplating in your life, this is definitely a

book that will change your life. Or, if you simply want to understand more about this subject, this is an excellent place to begin.

Excellent!

By L. Michaels

She is one of my favorite authors and I so wish that I had started reading her material much sooner! Excellent! I am using her forgiveness (page 58 & 60), releasing (pages 77-78), divine love (130) and formula for healing, success and joy (page 155) daily.
