Here we consistently offer you the very best and most convenient method.

From Library Journal

This haunting contemporary fable, first published in England, is in part a retelling of the Grimm folk tale that involves a stepmother who murders her stepson and serves his body for dinner. Comyns has fashioned this macabre material into a strangely involving modern Gothic romance. (It's a bit strong for Holt and Whitney fans.) The protagonist, Bella Winter, is a beautiful but physically and mentally scarred young woman who marries a wealthy, rather cold widower. He is obsessed by the memory of his first wife, overly attentive to their small son, and neglectful of Bella. As their marriage deteriorates, she experiences a mental breakdown, and blames herself for his son's accidental death. Comyns's characters are fascinating, and remind the reader of the wicked impulses in us all. Joyce Smothers, Ocean Cty. Lib., Toms River, N.J.

Based on the Brothers Grimm fairy tale of the same name, *The Juniper Tree* is a haunting and beautifully written fable by the acclaimed author of *The Vet's Daughter*.

In their idyllic garden, Gertrude and Bernard forge a perfect triangle of friendship with Bella, the scarred mother of an illegitimate child. Then Gertrude conceives the child which has long eluded her, and the spell breaks into foreboding, menace and madness.

Simply told yet utterly compelling,

*The Juniper Tree* is a multifaceted jewel of a tale, exquisitely written, by a true original.

Top-drawer Comyns

By A Customer

If you've been fortunate enough to read *The Vet's Daughter* or *The Skin Chairs*-two of this marvelous writer's best books-or even if you've never heard of either book, do yourself a favor and get ahold of this hard-to-find, out-of-print gem. The story is enthralling, the writing limpidly beautiful. While I was reading it, I re-experienced the pleasure of total absorption I felt in childhood when immersed in a favorite book.

4 of 5 people found the following review helpful.

"lost" gems

By A Customer

It's a shame that most of Comyns is out of print (at least here in the US). Her novels are strange, haunting, quirky, beautiful and worth every effort to track down in used bookstores or online. *The Juniper Tree* is no exception. Please, readers, find these books!

Scary and wonderful

By Bibliophile

This novel deserves a wider audience. The writing is pared down, plain and understated, so that the creepiness comes through loud and clear. Comyns is loaded with literary gifts, and they're on full display here. If you can find it buy it!
