Review

"During the past twenty-five years I have been blessed with more good fortune than any individual deserves but I shudder to think where I'd be today, or what I'd be doing if I had not been exposed to Napoleon Hill's philosophy. It changed my life."

--Og Mandino, The Greatest Salesman in the World

From the Inside Flap

Based on the Andrew Carnegie formula for money-making, THE MASTER-KEY TO RICHES describes in step-by-step detail today's greatest practical philosophy of success....This amazing philosophy, culled from the success experiences of hundreds of the world's most powerful and wealthy men, will show you how to succeed in any walk of life.

About the Author

Napoleon Hill (1883-1970) was born in a one-room cabin on the Pound River in Wise County, Virginia. He began his writing career at age 13 as a "mountain reporter" for small town newspapers and went on to become America's most beloved motivational author. His classic work, Think and Grow Rich, continues to inspire millions to believe and achieve and is a cornerstone of the modern self-actualization movement. Before passing, Hill established the Foundation as a nonprofit educational institution whose mission is to perpetuate his philosophy of leadership, self-motivation, and individual achievement.

A Classic to read many times

By Eduard Lopez

After the ideas introduced in "Think and Grow Rich", Napoleon Hill details the necessary steps that anyone can follow to achieve riches in life, that are not only financial. Dr. Hill refers to the 12 riches in life, where financial security occupies the 12th place.

Using a plain and conversational style, Napoleon Hill explains clearly the most important of the 17 principles of this philosophy. Principles that are available to any average person to implement and benefit from.

The book is full of details, stories and examples for better help in understanding the key concepts that, once embraced and used, will change your life forever.

As Dr. Hill says, not my merely reading the book you are going to profit from it. You have to start using these concepts right where you are and a new life will unfold in front of you.

As with all the Classics, I recommend keeping reading it periodically. So many concepts and ideas will escape to your attention after only one reading.

Valuable Insights into the Mind

By Edward J. Barton

If you are unfamiliar with Napoleon Hill. I think it is worth a quick "warning" that the material is getting to be nearly 100 years old, and the style is sometimes a bit dated. Additionally, like many self-help types, there is a touch of New Age influence and feel good platitudes. Why recommend it then? Very simply, I believe Hill has the formula right. Distilled down, his focus is on willpower, self-discipline and proper attitude. Truly what you think and truly believe you can achieve. He talks about the 8 princes (or angels, patron saints, or cosmic forces if you are New Agey) - like the Prince of Sound Health, or Sound Mind. He talks on the 12 true riches - such as good health, prosperity and faith. But at the end of the day, the keys are willpower, self-discipline and proper attitude. Follow the philosophy and it will help attain those things - and free you to achieve great things.

the master key to riches is the perfect combination.

By Dr. Thomas Mallory Hill

With many self-help resources available for purchase, aside from the law of success : The master wealth - builder's complete and original lesson plan for achieving your dreams, the master key to riches is the perfect combination.
