In times of massive change, it is more important than ever for each of us to tap our inner reserves of wisdom, creativity and resilience to rise up to the challenges and opportunities that face us as individuals, organizations, and communities. The Pinocchio Principle is a roadmap to help you get back to the basics of who you are, what you are here to accomplish, and how you can leverage your best and worst experiences to lead authentically - regardless of your vocation, title or role. Drawing from her experience as an executive coach and using Pinocchio as a metaphor, Diane Bolden guides you through a process of learning to integrate your head with your heart, utilize your intuition, challenge your limits and move out of your comfort zone to unearth your greatest work while inspiring others to do the same. The Pinocchio Principle blends wisdom with inspiration and humor and includes numerous stories and examples of personal and professional transformation as well as practical tips and tools that will help you become a true leader to others in the only way possible: by first leading yourself.

The Pinocchio Principle is an invaluable tool for anyone seeking a powerful book on how to recognize and develop leadership qualities in themselves and others. Diane used a plethora of resources to validate her information, then told the story with vulnerability and personal insight using Pinocchio as a metaphor. This clever analogy worked through one's trials and tribulations to find the "Real, True Self" just as Pinocchio did. The additions of the side margin quotes from notable persons was a bonus.

Director Center for Process Excellence, Arizona Public Service

By Thomas Glock

The Pinocchio Principle is an easy read that provides enlightening insights to many of the assumptions we make that influence our perspective and attitude. A must read for any leader that claims to be a change agent.

It's a book about you and who you want to be!

By Kathy Church

The Pinocchio Principle by Diane Bolden is so much more than just a book about leadership in business. It's

a book about YOU, who you are, who you want to be and how to authentically make that happen. The Pinocchio Principle consistently delivers on every level offering a format that flows easily, allowing you to fully digest the information and internalize it. There are so many thought provoking concepts discussed throughout the book and each one builds on the next. And Diane's use of the story of Pinocchio, actually gives you a very clear view of your own inherent beliefs especially those that may no longer serve you. In my opinion, the biggest benefit of the book is how it expands your awareness and enables you to look at even the most ingrained beliefs that you have about yourself and others.
