Strongly recommend this memory-maker!

By Dawn Shaw

A favorite book for my kids when they were young, I am now buying a copy for my grand-daughter. The illustrations are literally out of this world, the storyline is a simple mystery, enhanced by the sense of wonder evoked by the interesting visual perspectives. If you wish to encourage imagination and comprehension, this book is a good pick. The picture accompanying this item does NOT do justice to those within the book.

This is the book that inspired so many daydreams as a child. even though its a simple book the illustrations are absolutely amazing. this book has held my heart for 34 years.

Disappointing.

By Neem

Disappointing. Book is small and art work is simple. Story line is fine for very young, but not exceptional. Don't waste your money.
