Good book!

By Lena

I have got my wordpress blog and it's been kind of confusing to understand some of the things, how to manage the blog, how to use some of the basic functions, etc. I found many answers on youtube but youtube works great only when you have a single actual question and a short video explains how to make an html hyperlink or something. If you have multiple questions every day, it's better to get a good book on that issue. You won't learn everything at once but this is a good time-saver.

In many cases you may ignore some of the issues in blogging. But, for example, if you ignore SEO, your long-term results will be poor. That will mean that you will do too much of vain work which sucks.

This book gave me a few good explanations and it was a great thing to read for an aspiring blogger.

As a beginner I appreciate this book's guiding! Totally great :)

By Kurt Fowler

Great! Combined book, here the 2 books is well balanced and the learning evaluation was step by step learning. From the first book it's introduce to the interface, recommend plugins with all the setup essentials of other website. The WordPress was included with highly informative to get into the section of SEO. The second book introduce to what Search Engine Optimization (SEO) is, how it can helps with step by step practice lessons with optimized for Google's current algorithm.

Totally it's a good combined book to start with the web section and as beginner I must it was great from my side to guide me.

Benefits of wordpress

By Ralph Walter

This read was step by step guide for me to understand important things related to word press and to learn the tips and tricks to use it to build a nice website. You will know how you can choose your domain name and where you can get it. Also choosing a host is an important part of your wordpress site experience. There are lots of hosts available on the internet and you can choose the most suitable for you. You will understand what you have to do and what you have to be careful about while using the wordpress.
